Yes, Noreen told me she mailed the Deseret letter yesterday. I asked her to check back with us the week of Nov 30 on the timing of mailing the FIP letter.

Alfreda

I sent this email I got from Debbie Jordan to Carl last night.

We all should talk on Monday and get a plan on consultations with the council at u and o. There are 3 needed right within a very short time.

Should we hold back the Deseret letter if it hasn't gone until we talk?

Hi Cal,

We think it's a good time to send letters offering consultation on the proposed federal plan and proposed finding of necessary or appropriate, so that we have a consultation during the comment period, in particular to those tribes with affected EGUs. I recall we had one very early conversation with the U&O (do I have that right?). What would you think about sending a letter soon offering consultation in December or the first part of January?

Thanks.

Deb.
